Author: Totorkulov R.Ch.

Supervisor of studies: Mai-Boroda G.N., candidate of science (economics), assistant professor, chair of the creative innovative management and law.

Customer organization: Pyatigorsk administration.

Topicality of the research: Up to the present day there have not been created the conditions for the realization of the long-term effective state youth policy, the influence of the state on the situation in the youth environment does not assume a systemic nature. This is connected with the insufficient provision of the interdepartmental inter-action of the organs and organizations working. With the youth, their repeated reforming and liquidation. Topicality of the research is conditioned by the fact that the changes in the society and state require entirely new approaches to the content of the state youth policy.

Objective of the research: is the development of the recommendations on the improvement of the practice of realization of the state youth policy at the municipal level (on the example of Pyatigorsk administration).

Tasks: 1. to consider the making of the state youth policy in Russia; 2. to reveal the legal foundations of the state youth policy; 3. to examine the mechanisms of the realization of the state youth policy by the organs of local government; 4. to give the general characteristic of the work of the department for youth affairs; 5. to conduct the analysis of the practice of the realization of the state youth policy by Pyatigorsk administration; 6. to propose the main directions of the improvement of the practice of realization of the state youth policy at the municipal level (on the example of Pyatigorsk administration).

Theoretical and practical significance of the research: is that its results broaden the scientific ideas on the issue of the realization of the state youth policy by the organs of local government. Practical significance of the research is the

development of the effective and efficient model of the state youth policy of the municipal level, problem-oriented (on the example of Pyatigorsk administration).

Results of the research: -Realization of the state youth policy by Pyatigorsk administration in collaboration with “The union of the youth of Stavropol “is brought about by the program-target method of the municipal target program “The youth of Pyatigorsk in 2011-2014”. The drawbacks in the work give the grounds for the development of recommendations on the improvement of the practice of realization of the state youth policy by Pyatigorsk administration.

Recommendations:

-the creation and development at the municipal level of the services of social technologies trained to work in the youth community;

-development and introduction of the system of training and re-training of the staff for the youth sphere of Pyatigorsk municipal formation, etc.
